PII 10/30/81, extension granted, expired 4/28/82

Enclosed for FBIHQ are seven copies of LHM setting forth investigation conducted in this matter. Two of these LHMs are designated for Bureau file 174-9097.

Sacramento was not able to obtain further information concerning threat to explode Thermo-nuclear device, however in light of person advising of this matter having worked for a group which he stated as California Housing Association, it is being mentioned in conjunction with investigation of CHA.

Sacramento is of the opinion that investigation has not disclosed that captioned group presents a current threat to overthrow the government with violent means; nor is there sufficient information that group is being directed by foreign nation or organization.

This investigation was predicated upon information resulting from a telephone call from [redacted] in which she advised that she had become a member of the California Homemakers Association (CHA) and this is a front for Communist activity towards the eventual overthrow of the United States government.

b2
b7D

On November 2, 1981, [redacted] was interviewed by FBI Agents. [redacted] advised that she believed this CHA was a self-help type organization that assisted people who were down and out. She since found out that CHA is a front for Communist activity and that the group has formulated plans for an overthrow of the United States government which is supposed to occur in approximately 27 months. She further stated that the CHA has two offices in Sacramento, California, the main office at 3500 Stockton Boulevard, and another office at 3714 Marysville Boulevard. She advised there is also another office in Redding, California, and that this office recently was busted for some kind of medical problem.

b2
b7D

[redacted] further stated that the organization is divided into approximately three levels. She states that the entry level is where the organization utilizes peoples' services on a volunteer basis to man different functions that are provided by the CHA. This phase is used as a testing ground for people to determine political orientation and suitability for movement to the next level. She stated that people in the entry level

have no idea what the true purpose of the organization is. At the second level, candidates, or cadre members, are taken to training sessions in the Oakland, California area where they are indoctrinated more into the true purpose of the organization. The third level is the senior or planning and guidance level within the organization.

[redacted]
[redacted] She advised that she has since gotten accepted to the second level, and recently went to Oakland, California, to attend a higher level meeting of captioned organization, which was issued by invitation only, and which according to [redacted] occur every other Sunday at different locations in the Oakland area. [redacted] advised that she believes that this particular meeting was on the second Sunday in August, 1981. She stated that at this meeting there were three speakers, one from Cuba, one from Mexico, and one from Nicaragua, who she described as all being Communists. She stated that the Cuban individual was named [redacted] and that he wore a Cuban military uniform, consisting of beret, boots, and an olive drab type Cuban uniform.

b2
b6
b7C
b7D

[redacted] stated that especially concerning [redacted] he was brought in after all the people had been assembled and was escorted out of the meeting early so that no one was able to determine the nature or location of his departure.

b2
b6
b7C
b7D

[redacted] stated that they say the revolution will occur within 36 months, and that some of that time has elapsed. She stated that they say, "We knew there was going to be violence", so they were going to use it any way they could. She stated that regarding weapons, they said, "If they needed weapons, they already had them".

Some of captioned organization's documents refer to group as Western Service Workers Association (WSWA), CHA. The office at 3714 Marysville Boulevard has also received mail entitled, "Workers Community Service Center". Also leaflets for a group called "Coalition of Concerned Medical Professionals" are carried with the address 3714 Marysville Boulevard, Sacramento, California, telephone 925-0400.

[redacted] advises that the organization uses different names for different locations, and that the national name is

b2

CALIFORNIA HOMEMAKERS ASSOCIATION (CHA);

"National Labor Federation" (NLF). On the East Coast of the United States they use Eastern Farmworkers Association (EFA).

[redacted] advised that the following individuals are leaders:

[redacted]
[redacted] advised that there is a Marx-Engels reader available to those people in level two and that is marked with what should be read. She advised that important documents are kept at members' houses. she knows for a fact that there are important documents at [redacted] house. [redacted] stated there are probably about 30 people at the cadre or level three, and that these people meet secretly at different locations.

b2
b6

b7D

The people at the level three are also referred to as ops, which is short for operations, and that one of the Sacramento heads, [redacted] recently was transferred to another division.

b2
b6
b7C
b7D

[redacted] stated that she heard the comment made, "The FBI thought they were smart. We're smarter than they'll ever get to be".

On January 6, 1982, [redacted] was recontacted for further information concerning [redacted] as well as additional information available to her regarding captioned organization.

b2

[redacted] described [redacted] who was mentioned as having been at the CHA meeting in Oakland, California, wearing a Cuban military uniform, as being a Latin male, [redacted]

[redacted]
[redacted] said she would be able to identify if she was to see a photograph. She further advised that this individual did carry a gun, which she described as a machine gun type with a shoulder strap, and after looking at several pictures of guns, said it most closely resembled an M-2 paratrooper carbine. She said he was wearing a black beret and black paratrooper boots.

b2
b6

[redacted] advised that at the meetings, such as the one at Oakland and CSUS, they have two guards posted as security outside the building, and two guards inside the building. She advised that to her knowledge, they were not armed, however they do wear coats even when the weather is warm. She said that they do not let them know where a meeting is to be held until such time as they are leaving to go to the meeting. She was disturbed at this as she was not able to leave a contact

CALIFORNIA HOMEMAKERS ASSOCIATION (CHA);

number for a babysitter. She said there were from 300-400 people at these meetings.

On January 13, 1982, [redacted] an investigator for a local law enforcement agency, advised that their agency has conducted an investigation regarding captioned group concerning illegal drug prescriptions and other safety and health statutes. [redacted] advised that their investigation was close to conclusion and no violations were apparent.

b2
b7D

[redacted] provided a name of an individual, who will be referred to in this communication as [redacted] who mentioned observing CHA members with M-16 rifles in June of 1979 at Santa Cruz, California. [redacted] appeared to be somewhat doubtful as to the veracity of this information.

On February 22, 1982, [redacted] a person in a position to know, due to his employment, advised he is doing a pre-sentence report on [redacted] who stated that his wife, [redacted] was involved with captioned organization. [redacted] told [redacted] he is trying to get his wife out of town away from the group. [redacted] did not think that [redacted] would be willing to talk to authorities concerning the organization. [redacted] told [redacted] that the group is a subversive group which advocates the violent overthrow of the United States government.

b2
b6
b7C
b7D

On March 3, 1982, [redacted] called the Sacramento FBI Office and advised that the CHA is a subversive organization. He advised that he and [redacted] just joined and he believes it is Communist. [redacted] advised he did not have a telephone. Attempts to locate and interview [redacted] were negative.

b2
b6
b7C
b7D

[redacted] advised that it had been some time since he had any contact with the WSWA. He stated that he is not knowledgeable about any specific activities and is not aware of any foreign control. He characterized this group as more violence prone than the Ku Klux Klan and described them as scavengers, waiting for things to go down so that they can move in.

[redacted] advised that [redacted] the Legal Services of Northern California. [redacted] stated that when she first came to Redding, California, she had been

contacted by WSWA and requested to do volunteer work for them. She said that because of her association with doctors and pharmacists, she had been placed on a telephone to do solicitation calling requesting free medical services and free medicine to the "poor". She stated that after she had attended a couple of meetings, which she characterized as very radical in language,

b6
b7C
b7D

[redacted] She described them as individuals who want to protest everything and to demonstrate. They are very anti-establishment and she felt that they used mind control on low income people. They would provide information to the poor which the poor would relate to, and then continue to convince them to see things the way the WSWA wanted them to believe.

Several months ago the Shasta County Sheriff's Office, acting on a search warrant, confiscated many of the drugs which the association was using. Following this raid, [redacted] stated that she had been contacted by workers of the association and threatened if she testified against them, they would do her bodily harm. She claimed to have been followed in vehicles and by individuals and to have been harassed by them.

b2
b7D

She stated that she had not been allowed to see any of the documentation for the organization, but estimated that there were approximately 150 in Shasta County who were active two years ago. She stated that probably there were no more than ten leaders of the group.

[redacted] stated that in the main office in Redding, California, there is a locked room with some rifles and a "drawer full" of hand guns.

b2
b7D

[redacted] was aware of branches of the association in Santa Cruz County, Berkeley, Sacramento County, and she heard they were starting up last December in Fresno and Merced, California. The group has a common direction and she was aware of one Iranian on the board in Shasta County who travels all over the state. In addition to the names used by the group in the title of this case, she advised they also use the organization Hospital and Medical Personnel Association. These names are used depending on who the group is talking to. When a doctor is approached it is in the name of the Hospital and Medical Personnel Association and when a lawyer is approached, it would be under the WSWA name. Her description of the group was that they were "very Third World". They talk about taking over the establishment and their dogma is to promote anger against the establishment or the rich. They do not trust anyone in the establishment.

CALIFORNIA HOMEMAKERS ASSOCIATION (CHA);

Normal wear for the leaders of the group are blue jeans, an olive drab shirt and a blue sweatshirt with a zipper and hood. This seems to be a uniform for the leaders in the organization.

In Shasta County, someone in the Welfare Department is providing information to WSWA. Any families who have been cut off welfare are immediately approached for recruiting by the association.

[redacted] advised that they charge weekly dues of 62 cents per week. She felt there had to be some outside source of funds, but had no knowledge of foreign funds or where any funds would come from. The group actively recruits individuals who are mentally retarded or are on assistance from SSI, and then persuade them to sign their checks over to WSWA in return for being "taken care of" by the organization.

b2
b7D

In February, 1982, [redacted] U. S. Army reserve, assigned to a military intelligence unit, advised Sacramento FBI of some information that was relayed to him by a person described as [redacted] last name unknown. This information is provided with information concerning captioned organization because of the fact that [redacted] explained that he had been volunteering as a canvasser for the California Housing Association. There is no other information to show a connection between information provided by [redacted] and captioned organization, and Sacramento is setting this information forth with this in mind.

b2
b6
b7C
b7D

[redacted] advised that [redacted] and engaged [redacted] in a conversation at the Weatherstone Coffee House in Sacramento, California. Referring to a conversation that [redacted] had about six months ago, [redacted] stated that, "You're right, there are foreign agents involved in some of the liberal groups". [redacted] asked him what he meant and he explained as follows:

b2
b6
b7C
b7D

(1) He had been volunteering as a canvasser for the California Housing Association, an Hispanic neighborhood group, and a no-nuke group.

(2) He said there are several "professional organizers trained in Cuba" who are involved in these and other groups, "which he did not identify". He described them as highly motivated,

CALIFORNIA HOMEMAKERS ASSOCIATION (CHA);

very disciplined, and that they "worked 18 hours a day".

(3) For the first time he became aware of them at a meeting which took place in Sacramento, California (not further described).

(4) He said they talked about "importing a thermo-nuclear device". He did not know from where, and he said that he did not think they were too serious about this proposal.

(5) He said that they also mentioned "an operation in Florida". He explained a small group was planning to go to Florida and blow something up with either a "thermite or a regular explosive". He said they were planning to make the explosion look like a "right wing group did it". He mentioned an anti-Castro group and a pro-El Salvadorean government group as the possible groups to blame it on. In this regard, he mentioned they had the appropriate "uniforms" to make it look like they (the right wing group in question) did it. [redacted] said they talked very seriously about it and he believed them.

b2
b6
b7C
b7D

[redacted] described [redacted] as a very bright caucasian of about [redacted]

[redacted]
[redacted]
a nice person and was quite frightened about what he recently learned about "professional agents" operating in these groups.

[redacted] advised he would contact the FBI if he obtained any more information or if he again saw [redacted] so that Sacramento could identify [redacted]

the anonymous caller requested the lead agent in PIRA by name.

The caller stated that he had learned of captioned organization through a friend who holds membership in that organization. He stated however, that he has on occasion "sat in on" meetings of that group in New Brunswick, N.J. These would be attended by approximately 10 to 15 people. Only first names were used during these meetings.

The caller stated that this organization does succeed in obtaining donations from a variety of individuals. Some of these donations are used to help poor people who have material needs. In this regard ESWA is in contact with prominent individuals such as doctors and attorneys. The caller advised that ESWA frequently receives individuals who are in financial need as referrals from the local welfare office. The above mentioned acquaintance of the caller who is an active ESWA member, was one such referral. This individual reportedly received a book concerning Karl Marx from ESWA officials.

The caller went on to describe this organization as "100% communist" and has learned that ESWA is planning "something big" within the next 24 months. The caller does not know what is meant by "something big". The caller stated that he has heard this statement made himself at ESWA meetings and has heard unspecified individuals state "We are going to take over". The caller denied having knowledge of any plans for "taking over" or for violence.in this regard.

The caller was unable or unwilling to provide last names of individuals he had met through ESWA, however, did provide the following descriptive data on four individuals who were described as leaders of the New Brunswick, N.J., chapter:

Philadelphia is requesting a 90 day extension of this limited investigation of captioned organization and UACB limited investigation will expire 10/8/82.

The reason for the extension is to enable Philadelphia to conduct the following investigation:

1. Contact previously established informant to attend group meetings who has recently been invited to serve on advisory committee of ESWA.

2. Contact the Philadelphia Police Department who is conducting an investigation on ESWA, and who recently have interviewed the owner of 1518 South Street, headquarters of Philadelphia ESWA.

3. Conduct further established source checks to determine if any relationships exists between the ESWA and any violence prone groups.

Extension of limited investigation.

Preliminary investigations were previously conducted by the New York and Newark Offices of the Federal Bureau of Investigation (FBI) because of allegations that the Eastern Service Workers' Association (ESWA)/National Labor Federation (NLF) has been connected with the Communist Part of the United States of America (CPUSA). Investigation determined that ESWA/NLF is not part of the CPUSA, but as a result of those preliminary investigations, serious questions were raised concerning the potential for violence by the ESWA/NLF.

During the course of a limited domestic security investigation on the ESWA/NLF, the Philadelphia Office of the FBI has obtained the following information:

The Philadelphia Chapter of the ESWA/NLF is currently located at 1518 South Street, Philadelphia, Pa., telephone number (215) 545-9055. This is the official number which is published in the Philadelphia White Pages Telephone Directory. A previous office located at 1701 North 42nd Street, Philadelphia, Pa., was recently closed. The property located at 1518 South Street is

The Philadelphia Chapter is currently under eviction notice from [redacted] as they owe \$1,000 in back rent. They are currently attempting to solicit contributions from various Philadelphia City Council members and State Representatives to cover their rent. The ESWA is also attempting to organize another branch in the North Philadelphia area of the city.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The organization has offices located in Atlantic City, Trenton, and New Brunswick, N.J. Additionally, offices are located in Long Island, N.Y.

The ESWA is an organization oriented towards providing social reform and assistance programs for the poor. They claim to provide emergency housing, dental care, and food programs. They additionally claim to provide legal aid and medical care for the poor. Classes are held at 1518 South Street relating to obtaining public housing and public assistance problems. These programs are paid for by soliciting for contributions on street corners, and through contacts with city officials for donations to help the poor.

A review of the Commonwealth of Pennsylvania Corporation Bureau Records reflected no information on ESWA/NLF.

The Philadelphia Chapter is composed of the following members:

Review of the records of the Philadelphia Office of the FBI contain no information on the above individuals. In addition, a review of the records of the City of Philadelphia reveal none of the above individuals own a firearm, or has a previous arrest record. Investigation has determined that [redacted] all live [redacted] 1518 South Street.

b6
b7C

EASTERN SERVICE WORKERS' ASSOCIATION

The Philadelphia Chapter appears to have about nine full-time members, and claims to have over 3000 members nationwide. The purpose of the ESWA appears to be oriented to providing emergency care to the poor; however, also conduct speaking engagements in churches and workshops at their office, where they discuss creating changes in the U. S. Government. Indoc-trination classes continue to be held at an unknown location in New York City on communist ideology with emphasis on Chinese and Cuban communism. These classes are conducted under military guard. Classes are also held at the National Labor Federation College in North Jersey.

The leaders continue to mention they have a 24 month timetable for the overthrow of the U. S. Government, and expect the overthrow to occur by the poor people, similar to the Bolshevik Revolution in the Soviet Union. No specific actions are known; however, there has been discussion that several members have been involved in para-military training. Attempts to determine specific plans for the violent overthrow of the U.S. Government were met by the leaders that this was a closed matter, and not open for discussion.

Philadelphia has no information at this time that would indicate the ESWA is connected with any other domestic group. Investigation has also determined that the ESWA did not participate in any demonstrations with the Democratic National Conference held in Philadelphia, Pa., from June 25 - 27, 1982.

On April 26 and April 28, 1982, an anonymous caller contacted the Newark Office of the FBI, and stated as follows:

The caller stated that he had learned of the ESWA through a friend who holds membership in the organization. He stated, however, that he has on occasion "sat in on" meetings of that group in New Brunswick, N.J. These would be attended by approximately 10 to 15 people. Only first names were used during these meetings.

The caller stated that this organization does succeed in obtaining donations from a variety of individuals. Some of these donations are used to help poor people who have material needs. In this regard, ESWA is in contact with prominent individuals such as doctors and attorneys. The ESWA frequently receives individuals who are in financial need from the local welfare office.

EASTERN SERVICE WORKERS' ASSOCIATION

The caller went on to describe this organization as "100 percent communist", and has learned that ESWA is planning "something big" within the next 24 months. The caller does not know what is meant by "something big". The caller stated that he has heard unspecified individuals state, "We are going to take over." The caller denied having knowledge of any plans for "taking over", or for violence in this regard.

The caller stated that individuals from ESWA Chapters in various cities across the U. S. held a meeting on May 2, 1982, at an unknown location in Bronx, N.Y. The caller advised that he has learned from his acquaintance, who is an ESWA member, that these meetings which are held periodically are normally all day affairs. He was further told that uniformed armed guards control access to these meetings.

The caller went on to advise that on at least one occasion, and ESWA member said, "We have greater control in this country than people realize".

An extension of this limited investigation is required to determine if the ESWA has the potential to commit acts of violence, and to determine if any relationship exists between any known violence prone groups and the ESWA.

Investigation has tended to support the contention that the ESWA is an organization oriented toward providing social reform and assistance programs for the poor. They attempt to provide emergency housing, dental care, and food programs. The Philadelphia Chapter of ESWA contains approximately ten active members who appear to be extremely active in reaching the above goals.

The Bureau should note that all discussions of violence, or association of the ESWA with known violence-prone groups, have come from the National Labor College in New York City. The Philadelphia Chapter appears to be fighting for their financial survival. Investigation will be reinstated immediately if any information comes to the attention of the Philadelphia Division that the ESWA is involved in matters under the domestic security guidelines.

During the course of a limited domestic security investigation on the ESWA/NLF, the Philadelphia Office of the Federal Bureau of Investigation (FBI) has obtained the following information:

The Philadelphia Chapter of the ESWA/NLF is currently located at 1518 South Street, Philadelphia, PA, telephone number (215) 545-9055. The Philadelphia Chapter is oriented toward providing legal and welfare advice, emergency food and clothing, and non-emergency dental care. The ESWA is also actively interested in organizing unrecognized non-union workers, primarily blue collar service workers.

Source advised the ESWA is a volunteer service organization, oriented to organizing domestic and service workers. Every Wednesday, classes are held at ESWA on the history of the labor movement. Additionally, ESWA operates on a sporadic basis the National Labor College (NLC) in New York City. The NLC consists of workshops related to discussions on how to organize unrecognized workers not covered by the National Labor Relations Act. The NLC also deals with the history of the Cuban revolution of Fidel Castro, and how to organize workers for a revolution. The NLC has been held at Saint John the Evangelist Church on 21st Street, between

The Philadelphia Chapter of ESWA continues to conduct classes on the labor movement and solicit donations. The money collected is used for the emergency benefits for poor people. Most of the Chapter members reside at ESWA headquarters. Chapter members have also contacted City of Philadelphia politicians in the past attempting to solicit donations, and to insure adequate food, clothing and shelter for poor people.

The Philadelphia Chapter has not discussed any planned violent activities. The group continues to expound on the philosophy of Fidel Castro and Karl Marx at their labor discussions. The Philadelphia Chapter does not appear to be associated with any known violence or terrorist groups.

During the course of a limited Domestic Security investigation of the ESWA/NLF, the New York Office (NYO) of the Federal Bureau of Investigation (FBI) has obtained the following information:

The New York Chapter of the ESWA/NLF has offices presently located at 58 Beaver Dam Road, Bellport, Long Island, New York (NY); (212) 286-8004 and at 76 West Main Street, Riverhead, Long Island, NY; (212) 727-9380. The philosophy and beliefs professed by the New York Chapter of the ESWA is apparently centered on helping migrant farm workers, low income families, and non-unionized blue collar workers obtain food, medical care, clothing and housing.

Contact was established with the Suffolk County Police Department, which provides police services for the two ESWA locations on Long Island, NY. The Intelligence Unit of the Suffolk County Police Department advised that their information shows the ESWA to be a group aimed at helping migrant farm workers and the poor. The Suffolk County Police Department further reported that there has been no complaints against the ESWA, nor any criminal activities observed or their members suspected of such activity.

Additional information was received from a former member of the ESWA, [redacted] had been involved with the ESWA over a six year period [redacted]

[redacted] advised that during her membership she participated in only three demonstrations, did not participate in any violent or criminal activity, nor did she know of any such incidents. [redacted] stated her motivation to join the ESWA was to help the poor and needy which was in line with her Christian religious beliefs. Dear Director Webster,

I was very pleased at the recent new rules that the Bureau has received.

There is good reason for this, since about two years ago, I joined the Eastern Service Workers, ESWA, and attended some 50 or so meetings. After six months, I grew very dis-satisfied with their Marxist philosophy, especially since they told me, at "national" meetings, that they are convinced violence is the only way to bring about their revolution, and to that end, they have stored arms and munitions, and harbored ex-Weathermen and members of other far-Left groups into an "Armed Faction".

As an old Lefty, I was in sympathy with their anger at unemployment and poverty. But as their plans were revealed to me, I saw that the group I dealt with was not just another political party, but a fanatical group, whose ultimate aims are nothing less than violent revolution, and a Marxist government in America.

Their danger lies in their secret status, and their clever use of American's generosity--they collect over \$5 million dollars every year, by posing as a Mutual Benefits Organization, and promising to attain status as a labor union, as to "organize the unorganized". With the gradual decline of many areas of organized labor, this threat may become very real.

For the past year and some months, I have been sending anonymous letters to civic and religious groups, and local government leaders, exposing the nature of ESWA and other arms of the National Labor Federation, or NATLFED. But this has been risky, and costly; I have travelled over 600 miles posting letters in this time, and spent about \$900. While I have done this of my own free will, and will continue to do so, I would appreciate any help any private citizens could send me,

CONFIDENTIAL

I've been in contact with Sen.

who deserves a great deal of credit. I believe, as the Senator does, that public awareness is one very good way to slow the growth of this group, and others like it. The larger these domestic Parties grow, the more difficult it may be to deal with them in the future, as they use the un-informed mass membership to "help" them in their strategy, and many hundreds or thousands of people may become unwitting dupes of The Party, and may pay severely when their plans for violence become reality.

The evidence that I am offering is limited, for I saw no guns, nor was introduced to anyone admitting to being a wanted fugitive. I have only my experiences, over many months, meeting with perhaps 20 or 30 "Cadre" and "Commisars" of The Party. But I believe the data I was given was accurate-- why should officers of the Provisional Party tell me and others of guns and ordnance they possess, unless these weapons actually exist?

In addition, I was told that active recruitment of armed forces personell was in progress, and steps were being taken to contact federal workers who have access to atomic materials, and workers and scientists in nuclear and weapons research! The danger of this activity is obvious..

In closing, I want to congratulate you and other Bureau members for the efforts you have made. I only hope we are able now to follow through, and bring the full weight of federal law enforcement to bear against the danger that these domestic groups pose to our nation.

Good night, Judge Webster,

God Bless America
